

Year 1 Mandarin Overview Term 2 2014

Topic: Little Red Riding Hood 小红帽

Unit Descriptions

This term, Year 1 students will learn about clothing and time. By the end of the term, students will be able to:

- Introduce and present simple information on different clothing items and times of the day.
- Students will explore how meaning is conveyed in Chinese using stories, flipcharts, games, songs, dance, and role play etc.

Their prior knowledge and interest in new knowledge will be further enhanced through playing “Pin the Tail on the Donkey” and singing “What’s the time, Mr Wolf?” in Mandarin. Students will be able to revise numbers, colours, prepositions, body parts and gradually develop the skill of applying them, together with new vocabulary in a meaningful context of the fairy tale “Little Red Riding Hood”.

Advanced learners will have the opportunity to be further stretched if they have demonstrated competency in the skills required in the key learning areas e.g. listening, speaking, character recognition and writing. They are often challenged to organize and present information using inherent knowledge in a wider variety of sentence structures and working in group activities which involve longer and richer texts. The written worksheets are often designed to promote a higher degree of character recognition and writing. These students are strongly encouraged to attempt open ended questions in their group activities or assessments.

Learning outcomes

Students will be able to:

- ask and present information on time
- Say the different clothing items and used the color to describe the clothes
- use puppets to introduce main characters in basic sentence structures
- retell a fairy tale “Little Red Riding Hood” 小红帽 using taught language
- write simple words, e.g. 点、衣、有、子、两、几、红
