

The following are some reflections from the students on Year 4 Camp.

‘On camp we were more independent. Working in a team made us communicate better.’ Grace 4B

‘During camp we cooperated with our team. We improved our communication skills when we did team building because we had to communicate with each other to complete the tasks.’ Megan & Briana 4F

‘During the activities we had to share ideas so that we could stick together and help each other. We had to use our navigating skills to help find treasure in the Treasure Hunt activity and we also enjoyed watching and listening to our peers perform during Pulai Idol.’ Liesel & Rachelle 4G

‘On camp we did a lot of activities like team building, Treasure Hunt and disco games that helped us develop cooperation by listening to each other. I also showed independence by being in a room with my friends but no adults. I was also knowledgeable when learning about Malaysian culture, beliefs and values. Camp was so much fun.’ Emily 4J

‘I enjoyed camp because it was a great opportunity to meet new people, make new friends, show independence and learn more about the Malay culture. Most importantly it was a great time to have FUN!’ Tamara 4C
